

What does the research say about creep feed?

Researchers at Iowa State University reported that creep feeding can improve weaning weight by 60-100 lbs. (Chart 1). Response to creep feed depends on forage quality, dam's milking ability, and calf genetics. Feed efficiency of creep fed calves depends on these factors as well. Ideal feed intake is near 1.5% of body weight.

Chart 1. Weaning weight of calves receiving creep feed between 2 and 8 months of age.

Oklahoma State Cooperative Extension and Iowa State University

Family owned and operated, Sinamco Mills located in Morrill, Nebraska was built on Integrity and reliability.

Services Provided by Sinamco:

- ◇ Pellets, minerals and texturized feeds
- ◇ Custom ration formulation through Great Plains Livestock Consulting
- ◇ Custom formulation
- ◇ Reasonably priced grain commodities
- ◇ Transloading services from truck to railcar for local farmers

Available At:

P.O. Box 268
Torrington, WY 82240

Creep Feeds

Creep Feeds

14% Economy Creep

A Pelleted Protein and Mineral Supplement for Calves.

| -GUARANTEED ANALYSIS- | | | | |
|--|-------|-------|-------|---------------|
| Crude Protein | | | (Min) | 14.0 % |
| Crude Fat | | | (Min) | 2.0 % |
| Crude Fiber | | | (Max) | 11.0 % |
| Calcium | (Min) | 1.0 % | (Max) | 2.0 % |
| Salt | (Min) | 0.5 % | (Max) | 1.0 % |
| Zinc | | | (Min) | 150.0 ppm |
| Copper | | | (Min) | 50.0 ppm |
| Selenium | | | (Min) | 0.3 ppm |
| Vitamin A | | | (Min) | 5,000.0 IU/lb |
| Vitamin E | | | (Min) | 5.0 IU/lb |
| Feed at a rate of 5 to 15 lb/head/day. | | | | |

14% Limit Creep

A Self-Limiting Pelleted Protein and Mineral Supplement for Calves.

| -GUARANTEED ANALYSIS- | | | | |
|----------------------------------|-------|-------|-------|---------------|
| Crude Protein | | | (Min) | 14.0 % |
| Crude Fat | | | (Min) | 2.0 % |
| Crude Fiber | | | (Max) | 11.0 % |
| Calcium | (Min) | 1.0 % | (Max) | 2.0 % |
| Salt | (Min) | 0.5 % | (Max) | 1.0 % |
| Potassium | | | (Min) | 1.0 % |
| Zinc | | | (Min) | 150.0 ppm |
| Copper | | | (Min) | 50.0 ppm |
| Selenium | | | (Min) | 0.3 ppm |
| Vitamin A | | | (Min) | 5,500.0 IU/lb |
| Vitamin E | | | (Min) | 5.5 IU/lb |
| Feed at a rate of 1% Bodyweight. | | | | |

Features & Benefits of Creep Feeds:

- **Very Palatable Pellet**
 - ◊ Encourages feed consumption for better performance and a smooth transition at weaning
- **Ionophore Inclusion**
 - ◊ Improves feed efficiency and health status
- **High Protein Levels**
 - ◊ Supports high growth genetics
- **Formulated To Meet Vitamin & Trace Mineral Requirements of Calves**
 - ◊ Supports growth and improved immune function

Additives Available:

Customize your creep feed for your calves by adding:

- **Rumensin**
- **Bovatec**
- **Amprolium**
- **Deccox**
- **Aureomycin (with VFD)**
